

The image consists of several distinct horizontal bands. The top band is black with a white, abstract, angular shape that resembles a stylized 'M' or a series of sharp, slanted bars. Below this is a band with a repeating black and white vertical bar pattern. The middle section is a solid light orange color. On the left side of this orange section, there is a large, white, thick infinity symbol (∞). To the right of the infinity symbol, a single, thin white diagonal bar extends from the bottom-left towards the top-right. The bottom band is also a solid light orange color.
